why am i still a newbie

i have been burning for 3yrs and totally fixed this old Dovetec from 1989 cause the expert shop we sent it to had no idea

just wondering how to move up ...is it who ya know or who ya ???? joke lol lol:laugh:

You don't look like a newbie, I bet you have lot's of experience lol..

If you only knew hahaha:evil:

lol i know i have unmet dependencies...

Now that's funny!

Newbie is probably the BEST thing I'll be called today so I'm good with it!
